-  Balance of free time and structure with developmentally appropriate play-based opportunities
-  Development of large and small motor, readiness, and socialization skills
-  Designed around Catholic values encouraging sharing, honesty, kindness, and cooperation

The Preschool I program includes developmentally appropriate play-based opportunities for creative, emotional, social, intellectual, physical and spiritual growth. Self-confidence is nurtured while creativity and self-expression are emphasized through art and music. This session provides a good balance between free time and structure. Large and small motor development, readiness skills, and socialization are encouraged by the use of building toys, sensory tables, home living center, books, puzzles, art table, manipulative, free choice, and outdoor play. The idea of God’s love for everyone is fostered through stories, prayer, song, and discussion. By discussing everyday Catholic values the children are encouraged to practice sharing, honesty, kindness, and cooperation. A strong foundation is laid for further development of kindergarten readiness skills.

PRE-KINDERGARTEN - Open to all 4 and 5 year olds. Includes both a half day and full day option!

Students must be 4 by August 31, 2021.

The half day class will be held on Monday from 11:45-2:10 and from 12:00-3:00 Monday through Friday. Maximum of 12 students per class with a student/teacher ratio of 6:1.

The full day class will be held on Monday from 8:30-2:10 and from 8:30-3:00 Tuesday through Friday. Maximum of 15 students per class with a student/teacher ratio of 8:1.

-  Age appropriate activities to stretch and challenge preschoolers in logical-mathematical concepts, whole language, spiritual growth, social responsibility, sciences, social studies, and art

Our HFK Pre-Kindergarten class for 4 and 5 year olds is designed to encourage and expand a child’s intellectual, spiritual, creative, motor, and social skills in a nurturing environment. Special emphasis is placed upon the development of social responsibility and spiritual growth. Open exploration, as well as teacher directed activities, include opportunities for whole group, small group, and individualized learning styles. The development of a child’s strengths is encouraged while instilling confidence and maturity. A daily variety of opportunities encourage the development of readiness skills including pre-reading, mathematics, whole language, art, science, social studies, and motor development. The children will have the opportunity to expand their knowledge and gain a longer attention span, helping prepare them for success in the formalized school environment of kindergarten.
